

Your Personal Outcomes Job Search Tracker

MAKE A COPY OF THIS DOCUMENT (with your name) & SHARE WITH Brenda @ brenda.bridges@generalassembly.ly

You'll use your personal outcomes tracker throughout your in-class outcomes experience. By adding new organizations/companies of interest as well as networking opportunities consistently, you essentially begin to build your own pipeline of potential companies & jobs that fit your career path! Everything on this tracker is to help you stay organized.

The tabs in blue, beginning with the "qualification" tab, will be used in post course outcomes/alumni outcomes.

Remember, that your career coach is here with you until you receive a job that you are excited about and will challenge you to keep learning!

Don't forget, in order to become qualified as a job seeker, the following must be completed and uploaded to your class Peer Review Matrix Google Sheet within 1 week of graduation:

- Attending Alumni Small Groups,
- Applying to 10 jobs a week
- Updating your job search tracker weekly
- Attending 2 networking events a month
- Staying in contact with Outcomes!
- Let us know when you won't be able to make events due to interviews within 24 hours, and
- Let us know when you receive your offer! We want to celebrate with you!
